### About Lulu's

Lulu's Cuts & Toys was opened by former fashion executive Brigitte Prat in August 2001. As a mother and resident of Park Slope, Brooklyn, Brigitte saw the need and potential for an establishment which could perform double duty in the family friendly neighborhood.

With the inspiration of her precocious six year old daughter Lulu, Brigitte opened a combination hair salon and toy store on the increasingly stylish Fifth Avenue strip of Park Slope. Children receive a beautiful and stylish haircut, by one of our experienced stylist, as parents peruse the carefully thought-out selection of intelligent old and new-school specialty toys. Kids leave with balloons and lollipops, and everyone leaves with a smile on their face. Lulu's Cuts & Toys is a most welcome addition to the neighborhood.

**Message of thanks:**

To everyone who has sent us an email, bought a book, stood in line at our book signings or simply read about the Pyne family and shared kind words: ***A big "Thank You" goes out to each and everyone of you.*** We want to express our gratitude for sharing your stories with us and letting us know how Lulu has changed your life for the better. We believe Lulu lives on in all people when they share her rose colored vision. Words can't express what this has meant to the Pyne family. Olivia Lynn "Lulu" Pyne shines on in every smile.

In-Use Information

In-Use Information shows whether and how potentially conflicting trademarks are being used on the Web. We provide information, when available, on the citation, its owner and its use in commerce for up to 25 Group One citations per data source (USPTO, State, Common Law Database, Business Names and Gale Group Database). The search results included in this section are a selection of the information available at the time of the preparation of this search report, and are not a comprehensive representation of the Web. Any of the Web links included in your search report may become unavailable at any time following the preparations of this report.

Owner Matching

The Owner Matching feature is an index within the trademark record showing citations within the report with the same owner. Owner Matching is an alphabetical, word for word match. Inconsistencies in the data coming from providers (i.e., USPTO, State, etc.) may impact results.

Owner Information

Owner Information provides business information about the last reported owner of a trademark, based on a programmatic matching of USPTO, State and certain Common Law trademark records and any business information associated with the trademark owner. We do not guarantee the accuracy of the programmatic matching nor the accuracy of the business information provided by our third party vendors.
